 Fall 1942

Will World War No. 2 Make or Break You?
 Dear Garden and Farm Friend:

I am repeating the above question that I asked in our 1942 catalog. There cannot be business or farming as usual. Week by week, month by month things are tightening up; less available and prices higher for what you buy. The answer to this question is your own choice. On your own actions depends whether this war makes or breaks you.

Did you ever stop to figure the long line of labor and transportation costs and middlemen's profits tied up in the price your merchant charges you for the food products you buy, a large part of which you could grow yourself? Home grown food and feed pay no freight dollars to railroad or truck line; no profit dollars to the middlemen between the farm where the food was grown in some distant state and your table.

The greatest factor in keeping our Southern farm folks relatively poor is the fact that for 75 years or more we have been paying farmers in other sections for doing for us in food and feed production what we could and should do for ourselves on our own acres. What could and should be all - the right kind of a home garden, big enough, well tended enough and kept replanted throughout the year to give from two to five different kinds of vegetables on your table every day in the year.

Failing to make full use of your garden opportunities all year round means first, that you are robbing your own pocket and second, robbing yourself and family of nutritious, health building vegetable food that is absolutely needed for full health and strength. Plenty of vegetable food on your table (two to five kinds every day in the year) means cutting merchants', doctors' and druggists' bills; no need for pills and tonics if your eating is right and well balanced.

Fall garden time is just ahead. Don't content yourself with just a "turnip salad" patch. Plant everything that's plantable at this season. Let's all get started right this fall.

Very truly yours,
H. G. Hastings
 H. G. HASTINGS CO.

With a very high Vitamin A and B1 content snap beans add real zest to our fall meals and the surplus may be canned to advantage for winter health returns and definite savings in the family budget.

Full descriptions of the varieties listed below are given in our general spring seed book. Most bush varieties are familiar and may be planted until September in the central part of the South with later plantings of bush and pole types in the lower South. A pound plants 50-75 feet of row enough for the average family.

Hastings' Best 4 Fall Bean Collection 30c

For customers with small gardens, a leading variety of each type—¼ Lb. each of Hastings' Stringless Greenpod, Improved Golden Wax, Henderson Bush Lima and McCaslan Pole Beans. Henderson and McCaslan make white dry shell beans, too. These 4 for 30c. Postpaid to you.

Hastings' Giant Southern Asparagus

2 MARY WASHINGTON. Largest, finest, tenderest of all and rust-resistant. Mary Washington strain. Packet, 10c. Oz., 15c. ¼ Lb., 30c. Lb., \$1.00.

MARY WASHINGTON ROOTS. Hastings' grown; roots delivered when dug after frost, about December 1st. Order now. 50 Roots, 85c. 100 Roots, \$1.45. Postpaid.

Hastings' Stringless Green Pod

(7) Henderson's Bush Lima Beans

Beets and Carrots—

*Are Vitamin Factories
to Provide Winter
Health Insurance*

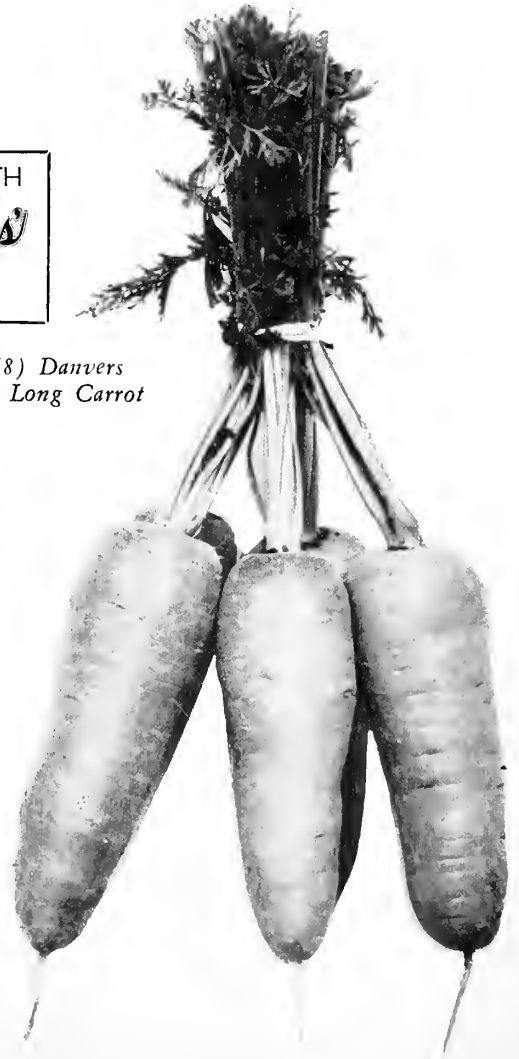

Sow seed of beets and carrots lightly in drills in good deep soil. Plant in August or September in Central South, later in lower South. One ounce plants from 50 to 100 feet of row.

Extreme seed shortages will prevent large plantings of these two popular vegetables, but you should have some provided in your Victory Gardens. Order yours at once. Supply limited.

(45) *Improved
Blood Turnip
Beet*

(68) *Danvers
Half Long Carrot*

Improved Blood Turnip Beet is the dependable standby of that group, while Imperator and Danvers are the popular favorites of carrots, the vegetable that plays so important a part in bettering eyesight at night.

CABBAGE

in Your
Fall Plantings

Containing
Vitamins A and B 1

(120) Hastings' Genuine Surehead Cabbage

Better Strains for Southern Gardens

The hardiest cabbages are (106) Early Jersey Wakefield and our (105) Long Island (Improved Charleston) Wakefield. They both are favorites throughout the South. (118) Copenhagen Market matures quickly and is the best small round head while (125) Stein's, (120) Surehead and (110) Centennial are huge later sorts that really make you proud of your garden's performances.

Be sure to include one or more of these to sow seed in late summer for early fall transplanting to mature before hard frost. One ounce should make 1,000 strong plants.

Frost-Proof Cabbage Plants Ready in December

Vitamins Bring Health Insurance from Your Garden

● Fall Garden Meals Build Winter Resistance to colds. We are very lucky in being able to have such good fall gardens with so many different vitamin fresh vegetables to grow. They give us strong bodies to help in the fight against colds, flu and pneumonia that threaten us each winter. High Resistance is our best insurance against doctor and medicine bills. Rich garden greens bring a wealth of Vitamins when they are fresh from your own garden. Store bought vegetables have lost much of their Vitamin value so plant yours right away for the greatest dividends. Sow seed of these vegetables until September 15 in the central South—later in the lower South—transplanting or thinning as necessary. Plan your fall garden now with Hastings' pretested, dated and acclimated seed—the best for Southern Gardens.

(136) Hastings' Cabbage Collard

Plant the Best Winter COLLARD SEED

Contains Vitamins A, B1

Old-time Southern favorite for boiling. Sow seed until September 15th. Transplant 2 ft. apart in rows. Cultivate like cabbage. Oz. plants 200 feet.

135 SOUTHERN OR GEORGIA

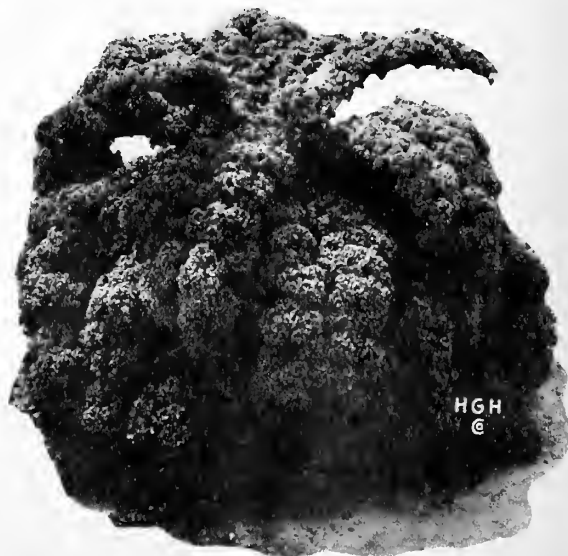

The standby, enduring ordinary winters south of Atlanta. Hardier and easier to grow than cabbage. Pkt., 5c. Oz., 10c. 1/4 Lb., 20c. Lb., 60c. 5 Lbs., \$2.50.

136 Hastings' Georgia Cabbage-Collard (Newest Improved Strain)

Hastings' introduction of Georgia origin. Loose heading but many have real heads to use through the winter. Much superior flavor for boiling or in cole slaw. Pkt., 15c. Crop very short. Order early.

LETTUCE

a Vital Fall Garden Favorite

Rich in Vitamins A and B1, fresh, crisp lettuce is undoubtedly the most popular salad vegetable in the entire country. **Iceberg** and **Drumhead** are superb garden and market favorites and the new **Imperial F** and **Imperial 847** are new developments to resist heat and disease. They all do best planted late for cool weather maturity. **Grand Rapids** is the old garden lettuce without heads and is deliciously tender and crisp and rich in Vitamin A.

The South Finds Profits in ONIONS!

Plant seeds in late summer and early fall, thinning and eating the green onions to leave a stand. When tops die naturally the mature onions are dug and stored in a cool, dry, ventilated place, spread thinly.

Bermuda onions are Southern favorites but other and stronger flavored varieties may also be grown satisfactorily. All are recommended for your fall plantings.

There's Still Time to Grow a Crop of TOMATOES in Your Garden

Rich in Vitamins A and B1

Plant seed of tomatoes for a fall crop immediately while there is time to mature a crop before frost. We recommend the earliest varieties except for the lower South where more time is available. *Extra Early Prolific* in wilt free soils and *Scarlet Dawn* in diseased soils, mature quickly and abundantly for Victory Garden Savings in fall as well as in spring. Your government recommends tomatoes as one of the most necessary garden crops that you can grow. A dime packet can make enough plants for the average family planting!

TRUE SOUTHERN TURNIPS for FALL DINNERS

Turnips Contain Health Vitamins A and B1

Culture. Sow Rutabagas from July, other turnips 30-60 days later in well prepared ground. One ounce plants 200 foot row. Use 3 Lbs. for acre.

475 Purple Top Globe

57 days. 4-6 in. Our most popular turnip. Handsome large globe shaped heavy cropper all over the South. Always good quality, good keeper and grand seller. Plant lots of them for home use and market. Pkt., 5c. Oz., 10c. 1/4 Lb., 20c. Lb. 50c. 5 Lbs., \$2.25. Postpaid.

466 EARLY RED OR PURPLE TOP

46 days. 3-5 in. Purple Top Strap Leaf. Early flat turnip, quick grower, fine-grained, sweet flavor. Most popular early. Pkt., 5c. Oz., 10c. 1/4 Lb., 20c. Lb., 50c. 5 Lbs., \$2.25. Postpaid.

467 EARLY WHITE FLAT DUTCH

46 days. 3-5 in. Similar to Purple Top except skin is pure white and very small tap root. Medium sized quick grower. Pkt., 5c. Oz., 10c. 1/4 Lb., 20c. Lb., 50c. 5 Lbs., \$2.25. Postpaid.

476 EXTRA EARLY WHITE EGG

57 days. 2 1/4 x 3 1/4 in. Finest flavored, skin and flesh snow white, solid, fine grained, sweet, bunches well and a good seller. Pkt., 5c. Oz., 10c. 1/4 Lb., 20c. Lb., 50c. 5 Lbs., \$2.25. Postpaid.

479 HASTINGS' MIXED TURNIPS

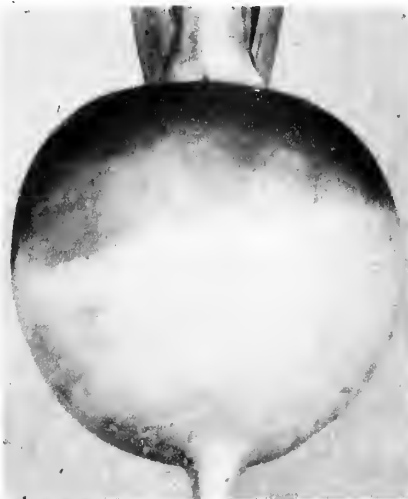

Our mixture of all turnips and rutabagas for a full season's supply, of many kinds, from one planting. Balanced formula mixture for greens and roots of early, medium and late maturing sorts for a continual supply. Pkt., 5c. Oz., 10c. 1/4 Lb., 20c. Lb., 50c. 5 Lbs., \$2.25.

(478)
Shogoin
Turnip

478 Japanese Shogoin

Best all-purpose turnip in existence. It resists plant lice, unlike any other, it has a heavy crop of leaves, 18-20 in. high and holds them up off the ground. Its roots are globe-shaped, medium sized, all white, sweeter, milder and of better flavor. Plant Shogoin. Pkt., 5c. Oz., 10c. 1/4 Lb., 25c. Lb., 90c. Short supply.

(475) Purple Top Globe Turnip

477 Seven Top Turnip

The salad variety planted everywhere in the South for greens. Roots are tough and not for the table, but tops are produced in abundance and are very tender and succulent. Also used for feed, but homes and nearby markets are glad to have fresh turnip salad at all times. Very hardy. Pkt., 5c. Oz., 10c. 1/4 Lb., 20c. Lb., 50c. 5 Lbs., \$2.25. Postpaid.

465 EXTRA EARLY MILAN

42 days. 3-4 in. wide. Earliest, flat purple topped turnip. Sweet, fine grained flesh. Pkt., 5c. Oz., 15c. 1/4 Lb., 30c. Lb., \$1.00. Postpaid.

471 SOU. SNOW WHITE GLOBE

60 days. 4-6 in. Pure white, round, solid, quickly growing to large size and making big tonnage per acre. Hardy variety, mellowing like an apple in storage. Pkt., 5c. Oz., 10c. 1/4 Lb., 20c. Lb., 50c. 5 Lbs., \$2.25.

Hastings'

Big 7 Fall Turnip Collection Only 30c

Most popular of all. Gives you a full supply of early, medium and late turnips for greens and roots. Any seed held over is perfectly good for spring planting. One ounce each of Purple Top Globe, Seven Top Shogoin, Early Red or Purple Top, Amber Globe, White Egg and Rutabaga for only 30c. Order your collection now!

7 Ounces, 7 Varieties, 30c
1/4 Lb. of Each, \$1.00

470 LONG WHITE COWHORN

70 days. 2 3/4 x 12 in. Roots long, carrot-shaped, 1/3 of root above ground for easy pulling. Resists drought and cold. Flesh pure white, fine-grained, sweet and of excellent table quality. It is also often planted with rape for stock food. Pkt., 5c. Oz., 10c. 1/4 Lb., 25c. Lb., 60c. Postpaid.

469 YELLOW OR AMBER GLOBE

Yellow Stone. 76 days. 5-7 in. Best all-round yellow turnip. Globe-shaped light yellow skin and flesh. Fine-grained, sweet, a good keeper and big cropper. Tops are large and cut-leave. Real table quality but also used for stock. Pkt., 5c. Oz., 10c. 1/4 Lb., 20c. Lb., 50c.

468 Improved American Rutabaga

88 days. 5-7 in. Heaviest cropper of all rutabagas for the South. Rich, uniform, purple colored top and light yellow flesh; tender and sweet. For table use, storage and stock feed. Pkt., 5c. Oz., 10c. 1/4 Lb., 25c. Short supply.

(468) Hastings' Improved Rutabaga

SOIL BUILDING LEGUMES

The great improvement of Southern Soils during the past 25 years has been due principally to the use of the wonderful qualities of the various legume crops such as Austrian Winter Peas, Vetch, Blue Lupines, hardy Lespedeza, Alfalfa and the several kinds of clover. These crops all grow well during the winter season when otherwise the land is bare, subject to the gulying and heavy washing or erosion effects of the winter rains. They take Nitrogen from the air and plant it in the soil, permanently improving its productivity.

With such a wide selection it is perhaps difficult to choose the best ones for your farm. It is our suggestion that you consult your local county agricultural agent who is in the best position to advise you, and to follow his advise.

- L. Lespedeza, all kinds. 50 lb. size, 35c. 100 lbs., 50c.
For garden flowers and vegetables (legumes). Small pkt., 10c.

SOUTHERN WINTER GRAINS

NEW SANFORD

Rust Resistant

WHEAT

The following information has been released by Dr. H. P. Stuckey and Dr. R. P. Bledsoe of the Georgia Experiment Station under whose direction the variety was originated: **SANFORD WHEAT.** A new variety of wheat resistant to leaf rust and adapted to Georgia conditions is now ready for distribution to Georgia farmers. Four-year trials of this wheat have yielded 6.4 bushels more per acre than Gasta (a high-yielding Bluestem selection). Sanford is similar to Bluestem (Purplestraw), except for having somewhat more awns and greater resistance to leaf rust. In years in which leaf rust is prevalent, Sanford matures a few days later than Bluestem, due to its superior resistance to leaf rust.

Culture—Early fall planting is best. In early seeding, plant one bushel of seed per acre. After about November 15, it's better to use 1 1/4 to 1 1/2 bushels per acre. Plant in drills, using the "open furrow" method, the same as for Oats. Easily grown in the South.

NEW CROP GASTA WHEAT

Improved Blue Stem. Newest and finest strain of Blue Stem, Beardless wheat, developed by the Georgia Experiment Station and being extensively planted now that it is so well known. It has proven a heavier seeder and with stronger stems than the old variety. It better resists storms, seems to be hardier and surely makes more grain per acre. We recommend it for fall seeding and our own re-cleaned special stock seed will give you heavier yields because of surer stands, deep rooting, heavy straw and with grains that are plump and heavy. Send your order early as we only have a limited quantity of seed to offer. Write for prices as early as possible.

BLUE STEM OR RED MAY

Purple Straw. The favorite among Southern wheat growers. It has been the almost generally satisfactory beardless variety. It's a fine, rather early, productive wheat. Write for prices when ready to buy.

HASTINGS' FAMOUS HUNDRED-BUSHEL OATS

Best Heavy-Yielding Rust-Proof Oats for the South

Plant in Early Fall on
Well Prepared Land. Drill 2-3
Bushels Per Acre.

Hastings' Hundred-Bushel is a true strain of Southern rust-proof oats. Planted in early fall, it grows off quickly and has proven almost as hardy as rye. Stools out strongly and makes the best grazing for cattle, hogs, horses and mules during winter and early spring. Our Hundred-Bushel is the heaviest yielder of all, the best main-crop oat to plant in the South. It outyields Appler, is a sound seeder and you should plant it for your main crop.

With the renewed interest in growing fall grains, Hastings' Hundred-Bushel Oats stands out as the leader. It comes in mighty handy for feeding mules and horses during the summer, when corn runs low. Oats are far less heating than corn anyway and better grain feed for working stock. Planted as a fall grain, it provides a cover-crop to prevent washing away soil and fertility during winter and spring rains. It's a grand crop for practically every farm and this is the biggest cropping variety for you to plant. We grow the seed ourselves on the Hastings' Plantation, our finest selected strain, harvested and re-cleaned with the most modern machinery to take out weed seeds and light seeds, so every plant coming up is capable of vigorous growth and maximum yield. Write for our closest market prices when ready to buy. It will certainly pay you.

FULGHUM EARLY OATS

Excellent for light soils farther South. The best early oat with exceedingly heavy straw. Write for our closest market prices when ready to buy.

Hastings' Hundred-Bushel Oats

NEW VICTORGRAIN OATS

Bred for "combine" harvesting. Straw heavy but short. Yield excellent. We recommend Victorgrain to the great mid South. Write for prices.

APPLER OATS

Appler is a genuine rust-proof strain and a good main crop oats to plant every year. It's a heavy yielder and stools out nicely for winter protection, so is very hardy. If convenient to thresh the crop, it furnishes a splendid combination grain and hay feed. Write for market prices when ready to buy.

WINTER BARLEY THE WONDER CROP

There is a great increase in barley planting, especially by stock raisers, who want it for winter green feed and grazing. Very easily grown through the South and sowed at last cotton or corn working, the only expense is the cost of seeds. All our Barley is re-cleaned and tested Southern grown winter barley. Broadcast 2 bushels per acre. Beardless and Bearded. Write for our best prices on quantity you want when ready to buy.

ABRUZZI RYE

Southern Grown. We have grown Abruzzi Rye many years and do not hesitate to say that it is as far ahead of the old Southern Rye as the Southern is ahead of Northern Rye. Abruzzi is the best Rye for the South. It stools out quicker and heavier, quickly covering the ground and protecting its roots in winter. It can be pastured a month to six weeks earlier than other Rye or Oats. Write for prices when ready to buy.

5% CERESAN— PREVENTS SMUT

New Improved Ceresan—For treating grain seed to prevent bunt or smut. Costs less than 3c per bushel of seed. Lb. treats 30 bushels. Lb., 80c. 4 Lbs., \$2.70. 25 Lbs., \$15.00. 100 Lbs., \$55.00.

400 DWARF ESSEX RAPE

Description—Rape top growth looks much like Rutabaga Turnips but does not form a bulbous root. It grows 15 to 30 in. high, making a splendid green feed and forage crop relished by all kinds of stock, but principally planted for hogs and poultry. It is also popular for "greens" on the table and is a fine substitute for turnip or spinach greens.

Culture—Plant any time from August to April. 10 pounds broadcast or 3 to 4 pounds per acre if planted in drills like turnips.

PRICES—1/4 Lb., 10c. Lb., 35c. 5 Lbs., \$1.50. 10 Lbs., \$2.75. Postpaid.

Hastings' Extra Fancy Grade Grass Lawn

Fall is the Ideal Lawn Making Time

(Send for Our Special Lawn Bulletin, It's Free)

550 HASTINGS' EVERGREEN MIXTURE

LAWN GRASS MIXTURE—FOR UPPER SOUTH

Our finest, most satisfactory lawn grass for the upper South. It stays Evergreen the year round in properly prepared soil and watered thoroughly during the summer. It grows off quickly, has a rich green color, fine texture, is slightly creeping, smooth and velvety. It really makes a luxuriant green carpet and years of experience have proven this, our own formula blend, to be the best of all mixtures for the South.

In the lower South, it makes the finest textured fall, winter and spring lawn. It is the best also to plant on Bermuda sod each fall for winter grass. Our own special formula mixture. You can get it only direct from Hastings'. Lb., 45c. 5 Lbs., \$2.00. 10 Lbs., \$3.75. Postpaid.

555 HASTINGS' SHADY LAWN GRASS

UPPER SOUTH MIXTURE—For shady places in the upper half of the cotton belt and farther north. It makes a wonderful winter and spring grass carpet and stands hot, dry summers in shady places better than other grasses. This is our famous Evergreen Mixture with the addition of Fescue and Creeping Bent Grasses, the best grasses known for shady places. Lb., 50c. 5 Lbs., \$2.25. 10 Lbs., \$4.25. Postpaid.

ALL PRICES QUOTED ON THIS PAGE ARE POSTPAID.

Write for larger quantity prices.

530 BERMUDA (Unhulled). Sow April-Aug. Slow to start. South's standard permanent summer grass. Write for prices.

546 TIMOTHY. For upper South and North. Lb., 30c.

545 RED TOP. Slightly creeping; best on stiff, moist land. Sow 15 Lbs. per acre for pasture. Lb., 35c. 5 Lbs., \$1.50.

538 MEADOW FESCUE. Sow 35 Lbs. per acre, except on soggy land for hay and pasture. Lb., 45c. 5 Lbs., \$2.00.

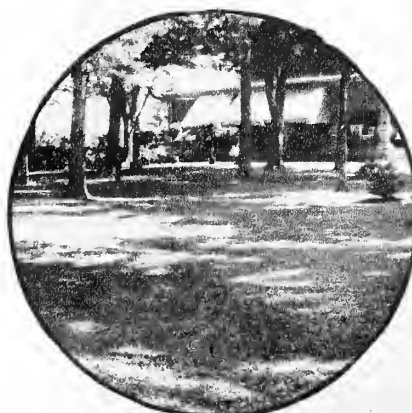

542 ORCHARD. Sow 45 Lbs. per acre for hay or pasture. Even grows under trees. Lb., 45c. 5 Lbs., \$2.00.

551 PERMANENT PASTURE MIXTURE. For the upper South. Sow 35 Lbs. per acre. Our own formula from years of practical experience. No Bermuda or Johnson Grass. Write for complete description and culture and quantity prices. Lb., 35c. 5 Lbs., \$1.50.

533 KENTUCKY BLUE GRASS. Best rich green lawn and sweetest pasture grass for upper South and North. Slightly spreading, narrow leaves. Evergreen if kept moist in summer. Fancy re-cleaned seed for finest lawns. Lb., 45c. 5 Lbs., \$2.00. Write for lowest quantity prices.

ALL PRICES QUOTED ON THIS PAGE ARE POSTPAID

Write for Larger Quantity Prices

(555) Hastings' Shady Lawn Grass

535 CHEWINGS' FESCUE. A superb grass for acid soils or shaded locations where it is difficult for other types to grow. Best on good soil, however, Lb., 65c.

553 CARPET GRASS. Valuable for lawns and pasture in most sections of the South. Thrives with plenty of moisture even on poor soils, in sun or shade. Lb., 45c. 5 Lbs., \$2.00.

534 DALLIS GRASS. Favorite pasture grass for the lower South. Lb., 65c.

532 HASTINGS' WINTER COMMON RYE GRASS

AMERICAN GROWN COMMON. The Winter Grass for all the South. Scratch seed in Bermuda sod each fall for a year-round green lawn. It lasts until the Bermuda comes out again in summer. By itself it makes a delightful green lawn, in sun or shade, all fall, winter and spring. It stands repeated mowing. Sow 10 Lbs. per 1,000 sq. ft. (50x20 ft.) for lawn; 50 Lbs. per acre for pasture to graze all winter and spring. Hastings' Fancy Seed—Lb., 25c. 5 Lbs., 90c. 10 Lbs., \$1.60. Postpaid. Write for larger quantity prices when ready to buy.

HULLED BERMUDA

Sold out until new crop is ready in late September. Write for prices.

ZOYSIA MATRELLA Manila Grass

The new wonder or miracle grass for shady places in all the South. Also grows in full sun. Requires rich soil and good care until established. Grows from root or sod divisions as no seed are available. Send for free Zoysia bulletin complete with actual photographs, description and cultural information.

Sensational New Double Hardy **LARKSPUR** to Plant in Fall HA

Plant November to March in fresh beds for finest and showiest spikes in spring. For most double flowers buy fresh, selected seeds each year, saved from double flowers. Seeds germinate much better if frozen a few days in refrigerator before planting. Scatter seed lightly over bed surface and thin to a stand.

GIANT IMPERIAL TYPE—4 ft. tall. Newest type, base-branching, tall Larkspurs with giant double flowers and spikes on uniformly longest stems for cutting—the florists' delight.

7272 BLUE SPIRE. Deep Oxford blue.

7273 BLUE BELL. Light Blue.

7274 EXQUISITE PINK IMPROVED. Soft pink, shaded salmon.

7275 THE DAZZLER. Carmine red.

7276 GLORIA. Rich deep rose.

7277 LILAC QUEEN. Soft and lovely.

7278 WHITE KING. Tall, pure double white.

All Giant Imperial. Pkt., 10c. ¼ Oz., 30c. Oz., \$1.00.

7270 GIANT IMPERIAL MIXED. All Larkspur colors in this uniformly long stemmed type. Pkt., 10c. ¼ Oz., 30c. Oz., \$1.00. ¼ Lb., \$3.00.

Giant Larkspur Collection FIVE LARGE PACKETS FOR 35c

Blue Spire, Improved Exquisite Pink, Lilac Queen, Gloria Rose and White King. Each the finest of its color; (50c value)—All for 35c Postpaid. ¼ Oz., each, all five for \$1.00. (Save 50c.)

TALL DOUBLE TYPE—4 ft.

7280 TALL BRANCHING MIXED. Pkt., 10c. Oz., 45c. ¼ Lb., \$1.35.

7282 DARK BLUE. Pkt., 10c. ½ Oz., 25c. Oz., 45c.

7284 LILAC. Pkt., 10c. ½ Oz., 25c. Oz., 40c.

 **7285 ROSAMOND.** Gold Medal, 1934. Pkt., 10c. ¼ Oz., 25c. Oz., 80c.

7288 PURE, WHITE. Pkt., 10c. ½ Oz., 25c. Oz., 45c.

7286 ROSY SCARLET. Pkt., 10c. ½ Oz., 25c. Oz., 45c.

7287 SKY BLUE. Pkt., 10c. ½ Oz., 25c. Oz., 45c.

75c per pair. Postpaid. State size.

8190 Dwarf Gem Mixed. Pkt., 15c. ½ Oz., 40c.

8192 Martha Washington. Pkt., 25c.

Fresh PANSY SEED

CULTURE—Prepare bed deeply and well. Soil with leaf mold, peat moss and decayed cow manure gives best results. Seeds germinate in about 10 days and must not dry out during this period; coating with peat moss over the bed prevents drying out. Thin out or transplant to six inches apart in rows and cultivate frequently. During dry weather, water bed daily. July to September, January to March are the best times to plant, allowing plants to develop in vigorous condition. They need only light protection to stand our winters.

Super Giant Collection \$1.00

SPECIAL—One Packet Each of Hastings' Exhibition Mixed, and the finest new Swiss Giants—Alpenglow, Lake of Thun, Coronation Gold and Swiss White—\$1.65 worth of the greatest Pansies in existence, for just \$1.00. Now is the time to plant! Start seed early.

Each of Rogglis—

Pkt., 35c. 1/16 Oz., 70c. ¼ Oz., \$2.25. Oz., \$8.00.

(8198) *Blue Bedder
Petunia*

Experts' opinions declare that these varieties are the very best of each color in existence. When a better one in any color shade is created, out goes the older one. You expect the best from Hastings and here they are for the new 1942-43 season.

For largest flowers start early in good soil worked deep. Planting in double rows, about 8 inches apart, conserves wire supports. Directions are on packets. Ounce plants 50 ft. of single row.

(9240) Hastings' Giant Spencer Sweet Peas

Hastings'

NEW GIANT DIXIE SWEET PEAS for 1942-43

Early Flowering Sweet Peas

Especially for greenhouse culture and outdoor fall planting in the lower South. They bloom earlier than regular Spencer Sweet Peas and almost as freely. Best for growing in Florida where late Giant Spencers fail to bloom. Prices Below.

Stately Dutch Iris

BULBS TO BLOOM FOR YEARS

To Grow in Your
Indoor Winter Garden

Paper White Narcissus

Easiest grown, most popular of all bulbs. For outdoors in the lower South, winter pot or water culture in the house everywhere. Large panicles of pure white, fragrant flowers. Our big bulbs bloom uniformly if not started too early, Oct.-Nov. or later. Start bulbs every couple weeks for indoor blooms from Christmas to Easter. Bulbs—6 for 25c. 12 for 45c. 25 for 75c. 100 for \$2.75. Postpaid.

Chinese Sacred Lily

Flower of the Gods or Water Fairy of Celestials. A luxuriant growing narcissus of silvery white with eyes or cups of golden yellow. Extremely sweet-scented; free flowering in large panicles on strong stems. Grand in pots or bowls of water similar to Paper Whites. Mammoth Bulbs—3 for 35c. 6 for 60c. 12 for \$1.10. Postpaid.

Grand Soliel D'Or Narcissus

Bright yellow fragrant form of Paper White Narcissus, with rich orange eyes. Large panicles of flowers. Mammoth Bulbs—3 for 30c. 6 for 50c. 12 for 95c.

Loveliest Freesias

PURITY WHITE. Most popular, purest and largest white. Big $\frac{3}{4}$ in. bulbs for earliest, biggest flowers. 6 for 25c. 12 for 45c. 25 for 85c. 100 for \$2.65.

GOLDEN DAFFODIL. Earliest and best. Extra large and intense yellow. 12 for 30c. 25 for 55c. 100 for \$2.00.

APOTHEOSE. Very large exquisite lavender. 6 for 20c. 12 for 35c. 25 for 65c. 100 for \$2.25.

PENSOROSA. Giant pink. 6 for 30c. 12 for 55c. 25 for 95c. 100 for \$3.65.

For Outdoor Gardens

Blue Roman Hyacinths

Old favorite for Southern gardens. Lasts years and years. 3 for 45c. 6 for 80c. 12 for \$1.45.

WHITE ROMAN HYACINTHS. Genuine Southern strain. 3 for 50c. 6 for 90c. 12 for \$1.75.

STAR OF BETHLEHEM. *Ornithogalum Thyrsoides.* Spikes of white star-like flowers of great substance to last for days. 3 for 30c. 6 for 50c. 12 for 85c.

LYCORIS RADIATA

(*Nerine*, Guernsey Lily, Red Spider Lily) Late summer red lily-like blooms on bare stems ascending from ground. Foliage later. Large bulbs. 3 for 50c. 6 for 90c. 12 for \$1.75.

Autumn Fairy Lily

ZEPHYRANTHES CANDIDA. Autumn blooming Fairy Lily with loveliest white flowers. Foliage persists all winter with some protection. Plant in August - September. 6 for 25c. 12 for 45c. 100 for \$2.85.

Snowflakes

LEUCOJUM AESTIVUM. Handsome hardy plants producing large spikes of drooping white flowers in spring. Make excellent cut flowers. Plant early in fall. 3 bulbs, 25c. 6 for 45c. 12 for 75c. 100 for \$4.95.

HARDY BABY GLADIOLUS. Hardy outdoors with some protection. Bloom very early.

MIXED. Lovely shades of pink salmon, white and orange scarlet with many colored markings. 6 for 35c. 12 for 65c. 25 for \$1.15. 100 for \$3.95.

OUTDOOR LILY OF THE VALLEY. For outdoor use only in moist, cool, shady beds where they thrive. 2 Yr. American grown pips. Plant November to March in upper South only. 12 for 40c. 25 for 75c. 100 for \$2.85.

(Note: Indoor Valley not available).

Superb Southern Regal Lily

Plant November to April. Most popular and satisfactory. Easily grown in sun or part shade; 3-5 ft. stems with 5 to 20 large, wide trumpet flowers in June. White suffused pink and canary yellow throat; jasmine-like fragrance. 30c each. 4 for \$1. 12 for \$2.75. 25 for \$5.

Lovely Madonna Lily

Candidum. Favorite outdoor Easter Lily of 10 to 20 snow white, sweetly scented trumpet-shaped flowers to each 4 to 5 ft. stem; for sun or partial shade. Plant Sept. to Nov. 15th. Monster Bulbs, 40c each. 3 for \$1.00. 6 for \$1.85. 12 for \$3.60.

New Philippine Lily

Grandest new giant white trumpet lily. Easiest of all to grow; 4-6 ft. tall on strong stems with 5 to 25 long white flowers. August blooming; plant October to April. Blooming Bulbs, 30c each. 4 for \$1.00. 12 for \$2.75. 25 for \$5.00.

Paperwhite Narcissus

ANEMONES—WINDFLOWER

Excelsior Mixed. Single. 6 for 30c. 12 for 60c. 25 for \$1.00.

St. Brigid Mixed. Semi-double. 6 for 40c. 12 for 75c. 25 for \$1.30.

IXIA-CORN LILIES

Shades of orange yellow and red flowers on wiry cut flower stems in summer. Soak bulbs 24 hours before planting. 6 bulbs for 35c. 12 for 65c. 25 for \$1.15. 100 for \$3.95. Postpaid.

BLUE GRAPE HYACINTHS (*Muscari*)

Hardy grape hyacinths make permanent plantings in our gardens. We only have a few to offer this season. Order early! 6 bulbs for 30c. 12 for 55c. 25 for 95c. 100 for \$3.45. Postpaid.

OXALIS—SHAMROCK

For moist, shaded but drained beds. Plant bulbs shallowly for best results. Your choice of pink, Lavender, and "Bermuda Buttercup" yellow. 6 bulbs 30c. 12 for 55c. 25 for 95c. 100 for \$3.45. Postpaid.

Exotic Ranunculus

Grand rich camellia-like double flowers but smaller and far richer colors, on wiry stems for cutting. Colors range through orange, red, yellow and pink shades. 18-24 in. (Soak bulbs before planting). Plant October to December. Mixed. 6 for 25c. 12 for 45c. 25 for 75c. 100 for \$2.85.

All Twelve for . . . \$3.95 (Value \$5.95)
Any Six for \$2.35

● Magnificent Peonies are being very successfully grown in most all sections of the South except in Florida and in the light, sandy soils of the Atlantic and Gulf coastal regions. Try them in your garden. Plant Peonies in fairly rich but well drained soils with exposure to only the early morning sun in the deeper South. Set roots barely under soil surface. Feed with bone meal. Never use manure except Wizard Sheep Manure which has been heat treated.

ORIENTAL IRIS

Japanese Iris Hercule

Japanese Iris (Thrive in rich, moist soil.)
